BB25 Swapnashilpa,
Near Gandhi Lawns,
Ganeshnagar, Kothrud.

Subject: Invitation to be on QAI Global Institute's Advisory Board

Dear Mr. Shikarpur,

It gives me immense pleasure to invite you to join the Advisory Board of the QAI Global Institute. The Advisory Board is comprised of eminent leaders in the fields of education, learning, training and development. The members of the Board are thought leaders and practitioners who have done extensive work in the area of Workforce Development.

The Advisory Board provides direction and thought leadership to the QAI Global Institute. It helps with determining the agenda and charter, giving valuable insights and aiding in its growth.

You might recall that QAI India and QAI USA recently integrated operations, making QAI an integrated single international entity spanning USA, UK, India, Singapore, Malaysia, China and Canada. Post this restructuring, QAI now has two distinct lines of businesses: QAI Global Services is the Consulting division and the QAI Global Institute is now consolidated as the Workforce Development division of QAI. The QAI Global Institute focuses on creating the skills and competencies in individuals and provides solutions for Workforce Development at the organization level.

The Advisory Panel will meet once in a quarter for half a day at a venue and city as per the convenience of the members of the Board. The travel, in case of a different city as per your choice, will be taken care of by us. This meeting will be to take stock of the past quarter and decide and contemplate on the strategy for the next few months.

We are happy to have you as a part of this esteemed panel. Also, attached are the brief profiles of some of the members on board currently. I will keep you updated in case of additions in future.

I will have Pooja Bhalla from QAI get in touch with you regarding details for the forthcoming meeting.

We are looking forward to the first meeting and further interaction with you.

Best Regards,
